GRADING POLICY -

CREDIT HOURS AND GRADING SYSTEM

Grades	Points per semester hour
A - excellent	4
B - good	3
C - average	2
D - below average	1
NC - no credit (academic assessment made--student deserving of no credit) --not computed in the grade point average	0
W - official withdrawal (without academic assessment up to and including the day before the final class evaluation or examination)	0

- Au - audit (courses may be taken as audit with the approval of the instructor-- student may withdraw from the course or change a credit course to audit up to and including the day before the final class evaluation or examination-- student may also change an audit course to credit with the permission of the instructor.) 0
- P - Pass (equivalent to A, B, C under the Pass or No Pass option) 0
- NP - No Pass (equivalent to D or NC under the Pass or No Pass option) 0
- (Courses may be taken on the Pass or No Pass option with the approval of the instructor and the major adviser. Permission forms are available in the registrar's office. This option may be contracted with the instructor up to and including the day before the final class evaluation or examination. The instructor records the final grade as Pass or No Pass only. A Pass or No Pass grade may not subsequently be converted to a standard letter grade.)

Incomplete Policy -

- I - Incomplete - if the course work required for a grade is not completed within six weeks after the close of a session, the grade of incomplete will remain and cannot subsequently be changed to a standard letter grade. There is a fee of \$5.00 to change a grade of Incomplete to a standard letter grade - forms are available in the registrar's office.

The basis for determining academic standing is the point-hour ratio. It is obtained by dividing the total number of grade points by the total number of semester hours successfully completed, including transfer credit, excluding courses in which the grades NC, W, AU, P, NP, and I are recorded.

PRDGRAM CHANGES AND WITHDRAWALS

Program changes and withdrawals are official when forms that are available in the registrar's office have been processed. All program changes must be officially made within one week of the day of change or withdrawal. Students who do not officially withdraw from a course will receive a final grade of NC (no credit).

Registration for a class must be made before the last day given for entering a class (before February 15).

The fee for each change made during the tuition adjustment period is \$5.00. There is no fee for changes made after the tuition adjustment period. (See Tuition Adjustment Policy in College Catalog.)
